**Head Golf Professional**

**BIO & APPROACH**

I was born and raised on the Westside of Madison. Ever since I can remember, I spent every summer at Odana Hills GC or Nakoma CC playing golf and working. It was during this time I learned the game and a lot about golf operations. I was fortunate to have worked for three Wisconsin golf legends; George Schiro, the late Tony Coleman, and Alan Mitchell. They not only showed me proper teaching techniques, what it takes to be a great professional, but they taught me many valuable life lessons as well.

I have over 25 yrs. of experience as an instructor and golf professional at several facilities in Wisconsin and Florida including The Bull at Pinehurst Farms, Westmoor CC, West Bend Lakes GC, and Kensington CC in Naples, FL. I have also worked for The Golf Academy of WI at Geneva National GC and The John Jacobs Golf Schools at Lake Lawn Lodge.

My teaching philosophy is simple, I will build a more powerful and repeatable golf swing by eliminating any unnecessary moving parts. We will focus on the most important position-IMPACT. I look forward to helping you achieve your goals on the course. Whether you are a low or high handicapper, male or female, junior or senior, I can make you the best player you can be.

**RATES**

\$55 - 45 minute lesson
